UVOD V LES(E)NE ZGODBE

Les in lutke se radi družijo. V preteklosti so lutke v glavnem izdelovali iz lesa – ročne in ploske lutke, lutke na palici, marionete ... Pri izdelavi so uporabljali tudi blago, usnje, papir, v sodobnem času pa še umetne materiale, a les ostaja pomemben in dragocen material pri ustvarjanju lutk, rekvizitov in scenskih elementov. Že rojevanje oblike iz brezobličnega kosa lesa je čarobno, ko pa figura oživi v rokah spretnega igralca, nastopi čas za pravljico.

Letošnja rdeča nit festivala je les – kot material za lutke ali gozd, v katerem se dogajajo zgodbe, kot mogočen hrast, ki stoji kakor trden jambor letnega prizorišča med lutkovno hišo in mestnim obzidjem. Zgodbe bodo naseljevale gozdne živali in lutkovne ustvarjalnice bodo zaznamovane z dišečim lesom. Vendar bomo pri razmišljanju in uživanju v predstavah vse prej kot leseni, prožno in živahno bomo sledili dogodkom in uživali v poletnem dogajanju ob Dravi.

INTRODUCTION TO WOODEN STORIES

Wood and puppets go well together. In the past, puppets were mainly made from wood – hand and flat puppets, rod puppets, marionettes ... They used fabrics, leather, paper and in modern times, synthetic materials, but wood is still an important and valuable material for the creation of puppets, props and scene elements. Already the birth of a form from the formless piece of wood is magical, but when the figure comes to life in the hands of a skilled actor, it is time for a fairy tale.

This year's cohesive thread of the festival is wood – as a material for puppets, as woods where stories take place or as a mighty oak which stands as a firm mast of the summer venue between puppet theatre and city walls. The stories will be about forest animals and fragrant wood will mark art workshops.

However, our thinking about the performances will not be wooden, we will flexibly and lively follow the events and enjoy the summer events along Drava River.

PRIMOŽ MIHEVC: LUTKOVNA IGRALA, interaktivne igre ³⁺

Igra ni samo igra, z igro vadimo za življenje, pravi dramatik Nebojša Pop Tasić ob predstavi *Kaj pa če ...* Tudi igrala, ki jih je zasnoval lutkovni mojster Primož Mihevc, so oblikovana in pripravljena tako, da spodbujajo otrokovo domišljijo in ročne spretnosti, krepijo estetski občutek in zabavajo. Prav tako pa k igri kličejo odrasle, saj jim zbuja spomine in radovednost. *Človek ne jezi se, Pripelji račko domov, Ulovi ribico ...* so nekatere od iger, ki čakajo pod hrastom v Avditoriju Lutkovnega gledališča Maribor.

V soboto, 27. avgusta, in v nedeljo, 28. avgusta, bodo lutkovna igrala v Avditoriju na voljo ves dan med 9.00 in 20.00.

MARIJANA JELIČ: COPRNIC DRAGICA, razstava ilustracij in figur ²⁺

Vsestranska hrvaška umetnica – ilustratorica, avtorica slikanic za otroke, grafična oblikovalka in lutkarica – pravi, da ji je otroški svet zelo ljub, ker je preprost, v njem pa vlada čista in zdrava energija.

Jeličeva veliko ilustrira za otroške časopise in revije, v knjižni izdaji pa sta izšli njeni zgodbi *Coprnic Dragica* in *Čudežna kuharska knjiga Lize Brljize*. Njena avtorska slikanica bo zaživela tudi na mariborskem lutkovnem odru v istoimenski predstavi *Coprnic Dragica*.

BREDA VARL: LUTKOVNI SVET, razstava lutk in osnutkov ²⁺

Breda Varl je v Lutkovnem gledališču Maribor delovala v letih od 1983 do 2009 in v tem času oblikovala več kot trideset likovnih podob za predstave. Sprva je ustvarjala predvsem iz mehkih materialov (tudi znamenite *Zverinice iz Rezije* leta 1976), pozneje pa je lutke za številne predstave rezbarila iz lesa. Na razstavi so na ogled lutke iz predstav *Janko in Metka*, *Turjaška Rozamunda*, *Kralj Matjaž*, *Ure kralja Mina* in *Sonček, kje si?*

Na ogled pa so tudi lutke iz predstav, ki jih je v več kot dvajsetih letih ustvarjala med koroškimi Slovenci v Avstriji. Tam sta skupaj s soprogom, režiserjem Tinetom Varlom, orala lutkovno ledino in mentorsko delovala v številnih krajih po avstrijski Koroški.

PIONIRJI EVROPSKEGA LUTKARSTVA, kratki animirani filmi

V sodelovanju z Lutkovnim muzejem Ljubljana Lutkovna umetnost je v prvi polovici 20. stoletja doživela velike spremembe z generacijo izjemnih osebnosti, ki je v lutkarstvo vpeljala nove izrazne oblike. Mednje se uvrščajo lutkovni mojstri: Milan Klemenčič (1875–1957), Vittorio Podrecca (1883–1959) in Hermenegildo Lanz (1893–1949), ki so vsak v svoji deželi – Sloveniji, Italiji in Španiji – na zanimiv način zaznamovali razvoj lutkovne umetnosti. V sklopu mednarodnega projekta »All Strings Attached«, ki zajema raziskovanje, restavriranje lutk in izmenjavo znanja, so nastali tudi trije kratki animirani filmi o življenju in delu treh lutkovnih pionirjev.

PRIMOŽ MIHEVC: PUPPETRY PLAYGROUND EQUIPMENT, interactive games ^{3*}

A game is not just a game, a game prepares us for life, playwright Nebojša Pop Tasić explains the performance *What if ...*. Also playground equipment, designed by puppet master Primož Mihevc, was designed to encourage children's imagination and manual skills, to enhance the aesthetic feeling and to entertain. The playground equipment invites also adults to play, because it arouses their memories and curiosity. *Ludo*, *Catch a Duck* and fishing game are some of the games that are waiting under the oak in the Auditorium of Maribor Puppet Theatre.

On Saturday, 27th August, and Sunday, 28th August, the puppetry playground equipment in Auditorium will be available throughout the day between 9:00 and 20:00.

BREDA VARL: THE WORLD OF PUPPETS, exhibition of puppets and drafts ^{2*}

Breda Varl worked at Maribor Puppet Theatre from 1983 to 2009 and during this time she designed more than thirty visual designs for the performances. At first she created puppets mostly from soft materials (also the famous Beasts from Rezija 1976), later she carved puppets from wood. At the exhibition we can see puppets from performances Hansel and Gretel, Rozamunda from Turjak, King Matthias, Watches of King Min and Sunshine, where are you?.

On display are also puppets which she created in the past twenty years in Austria among Carinthian Slovenes. Breda Varl and her husband, director Tine Varl, were breaking ground in puppetry and were working as mentors in many places in Carinthia.

FROM BACKSTAGE: PIONEERS OF EUROPEAN PUPPETRY, animated short films

In cooperation with the Ljubljana Puppet Museum In the first half of the 20th century puppetry art has undergone major changes with the generation of exceptional personalities who introduced new forms of expression. These personalities include puppet masters: Milan Klemenčič (1875–1957), Vittorio Podrecca (1883–1959) and Hermenegildo Lanz, who each in their own country - Slovenia, Italy and Spain - in an interesting way marked the development of puppetry art. As part of an international project entitled »All Strings Attached«, which covers the exploration, restoration of puppets and knowledge exchange, animated short films about the life and work of the three puppet pioneers were produced.

Ženska brezskrbno lista dnevni časopis. Na žalost pa današnje novice niso brezskrbne: oživijo, splavajo na površje in bralki skočijo v obraz. Oblikujejo se v papirnate lutke, ki sproti gradijo aktualne – poetične in dramatične – dnevne zgodbe. Spremlja jih violončelistka.

Skupino Les Anges au Plafond sta leta 2000 ustanovila igralca in lutkarja Camille Trouvé in Brice Berthoud. Njuno raziskovanje išče razmerja med odkrito in prikrito lutkovno animacijo, med lutkarjem in lutko ter med intimnim in spektakularnim.

A woman unconcernedly browses through newspaper. Unfortunately, today's news is alarming: news revives, floats to the surface and jumps in reader's face. News forms paper puppets that make up current – poetic and dramatic – daily stories.

The news is accompanied by violoncellist.

The group Les Anges au Plafond was formed in 2000 by actors and puppeteers Camille Trouvé and Brice Berthoud. Their performances explore the relationships between shown and hidden puppet animation, between the puppeteer and the puppet and between the intimate and spectacular.

27th Summer Puppet Pier, Maribor Puppet Theatre

Choreographer, composer and performer — Ferenc Fehér

Costume designer and consultant — Judit Simon

A smart and mad dance piece of a little revived man with someone who is a puppet. Name: Freeman, height: 35 cm, shoe size: 5 cm, wickedness: immeasurable, kindness: not much.

»Morgan, how would you describe this little man?« »When I first saw him, he seemed to be a nice little man, but then ... now he is malicious. He is always trying to find a reason to nag, and he really enjoys nagging. Surely, I will not bear this for long. I think it would be best if I finished him off. I have no other choice unless he changes. But he will never change. That I know.«

Critic Kristina Horeczky (Népszabadság, Budapest) wrote about the performance: »This solo dance interlaced with puppet show reminds me of child with an imaginary friend. /.../ This internationally renowned dance artist, choreographer and autodidact is one of the best active performer of the contemporary dance scene. He is a genius that you cannot get enough.«
